

**Event Protocol Conference Staff  
Bank of New York – Conference Venue  
Repsol Conference**

Repsol required experienced, polished and professional event staff for their investor conference which took place at the Bank of New York conference venue in London. Our staff were hired to help the event managers manage the smooth running of the day. Natalie & Carolyn assisted with the following:

- To help register delegates and speakers
- Manage the one on one meetings
- Manage the main plenary conference room

The conference was for 200 investors but the logistics were complex due to the number of one on one meetings taking place alongside the main presentations but our staff were on hand to ensure a smooth process from beginning to end resulting in a very successful conference.
