

Event Protocol Exhibition Staff
Launch of Ticckle App @ App World, Excel Centre

Ticckle hired [Event Protocol](#) to provide experienced, professional and ipad/iphone savvy exhibition staff to help them launch their new app to the market at App World which took place at the Excel Centre, London. Our staff, Catherine & Carolyn were briefed to showcase the app from the Ticckle I pads to as many visitors and where possible to get new leads. Both Natalie and Carolyn performed at their best, gaining the interest of the visitors and showcasing the app with enthusiasm and interest.

Feedback from the marketing manager, Elif was outstanding:

"I have to say, the girls were splendid! They were professional, always on time, well spoken, presentable, and they always had a smile on their faces - even at the end of a 10 hour event. We will be sure to hire them again!"
